

## Instruction

### Grading and Promotion

The administration and professional staff shall establish a system of grading and reporting academic achievement to students and their parents and guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, and performance on the Illinois *Partnership for Assessment of Readiness for College and Careers* (PARCC) and/or other assessments. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. The final grade assigned by the teacher cannot be changed by a District administrator without notifying the teacher. Reasons for changing a student's final grade include:

- a miscalculation of test scores;
- a technical error in assigning a particular grade or score;
- the teacher agrees to allow the student to do extra work that may impact the grade;
- an inappropriate grading system used to determine the grade; or
- an inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

### Student Progress Reports to Parents

Pupils will receive a progress report at the end of each quarterly grading period. The school year shall be divided into four grading periods each being approximately 9 weeks in duration.

The report should be studied by the parents and when appropriate, signed and returned to school.

The Board encourages the use of teacher-parent conferences. These conferences should be scheduled so the parent and all appropriate District personnel can be present.
