

## **Students**

### **August 21, 2000 Student Insurance Programs**

The Superintendent is directed to make available at the beginning of each school year the opportunity for students to enroll in an accident insurance program.

The responsibility of Canton Union School District No. 66 in such student insurance programs shall be limited to the procuring of an insurance company to provide the service, the processing and submission of applications and fees, and the verification of student accidents. The District, in no way, shall act as the agent of the insurance company.

The student insurance offered shall be compulsory for all students participating in inter-scholastic athletics and in certain designated shop and laboratory classes unless such coverage is waived by the parent or guardian by showing proof of adequate coverage with another insurance program.

The student insurance program shall be reviewed annually by the Superintendent who shall construct guidelines for its implementation.
